

Media Lab Equipment List

Hardware

Scanners;

Kodak iQsmart scanner, high resolution: 10,000 dpi (5,500 dpi optical) (MAX 30cm x45cm)

Epson Expression 10000XL scanner. (MAX A3)

Hasselblad flextight X1.

Optical sensor: CCD (3x8000)

Original type: Neg/Pos

Color depth: 16 bit

Dmax: 4,6

Film format: 100x245 mm

Reflection: No

Light condensator: No

Dimensions: 230x390x650 mm

Max optical resolution:

35 mm	60 mm	4"x5"
-------	-------	-------

6300 dpi	3200 dip	2040 dpi
----------	----------	----------

Max scan speed:

35 mm	60 mm	4"x5"
-------	-------	-------

7.15 min	6.02 min	5.08 min
----------	----------	----------

Printers;

Epson Stylus Pro 3800 (MAX A2)

Epson Stylus Photo R2880 (MAX A3)

Primera Quick smart Disc Publisher II

Computers;

Mac g5 tower (x9).

Processor 2 x 2.8 GHz Quad-core Intel xeon.

Memory 4GB 800mhz DDR2 FB-DIMM

Other

Studio Headphones (AKG K-271 MKII closed back), scanner info and slide holder for scanner

Software

Acrobat distiller

Acrobat pro : Organise, manage & combine content with PDF

Flash CS4 : Create animations & interactive content

Scratch – Simple programming tool for kids/beginners – create animation, games etc

Illustrator CS4 : Create & Edit vector graphics (computer drawing)

Photoshop CS4 : Edit, manipulate & analyse digital images, including 3D

In Design CS4 : Design page layout for print & web

Contribute CS4 : Enable non-programmers to edit & update website content
