Artzone presents a showcase of artwork by their talented students.

This exhibition is the culmination of the work of Artzone students over the past year. Each student was given the opportunity to express how they see themselves using a medium of their choice. The result is an exhibition of over 500 pieces, each created to an exceptional standard, that will appeal to all ages.

EOIN BUTLER - THE BOG STUDIES
30th October - 28th November

Alternative Entertainments presents an exhibition of work by Eoin Butler.

'The flat plane of bog receded to a distant horizon and rose gently into the skies above. A place of sanctity, of quiet repose (save the screech of a startled bird), immersed in solitude, at peace, without distraction. Here, above all else, is a spiritual presence.'

A series of conceptual drawings and paintings, inspired by the midland bogs, that express the stillness and peace of the bog through simplified, abstracted compositions.
